SIGNS FOR GAY GAMES 2014

Games set for 9-16 August 2014

San Francisco, CA – (16 October 2010) The international Federation of Gay Games signed a contract on 30 September 2010 with Cleveland Special Events Corp. to hold the license to operate the 2014 Gay Games. Co-President of the Federation of Gay Games, Kurt Dahl, and FGG Technology Officer, Gene Dermody, met with the new group in Cleveland on 16 October 2010.

The new organisation represents the LGBT community and high-profile civic leaders of Cleveland. The City of Cleveland will continue to be very involved in assisting the world's largest sports and cultural event to come to Cleveland-Akron, Ohio. Local tourism representatives with local LGBT sports, cultural and community civic leaders have joined forces to organise the 2014 Gay Games in Cleveland.

Federation of Gay Games Co-President, Kurt Dahl, is very pleased with the new organisation. "The high calibre of people and organisations that are part of this group is incredible and will help ensure wide support in the state of Ohio. I am very impressed to see Mayor Frank G. Jackson's involvement. Gay Games VIII Cologne 2010 was helped greatly this year in Cologne, Germany, by the local city government and the German Foreign Minister Guido Westerwelle."

"The Gay Games in 2014 will shine a national and international spotlight on the City of Cleveland. Our representatives either lead or are a part of some of Cleveland's and the region's most dynamic institutions and will help show the world our greatness," said Mayor Frank G. Jackson.

The Cities of Cleveland and Akron were awarded the Games last year following a competitive bidding process. Cleveland City Council passed legislation in support of the Gay Games in 2014. The games will take place in Cleveland August 9-16, 2014.

Cleveland Special Events Corp. board member Nathan Tolliver is ready to work in this group. "As an openly gay African-American young man, who also happens to be a native of Cleveland, it is truly an honour and a privilege to be involved in the world's largest sporting and cultural event organised by and specifically for LGBT athletes, musicians, artists. I am very excited about the impact this special event that brings together people from all over the world will have on the city of Cleveland and particularly our own LGBT community." Board member Hollie Ksiezyk commented on how current bullying issues tie in to the importance of the 2014 event. "At a time where there is so much pain and grief surrounding LGBT youth, we look forward to reaching out to our schools and young people in the community to provide a safe outlet and environment among friends and family. It's reassuring to know that Cleveland is a place where rich culture and diverse traditions welcome opportunities to collaborate on historic projects like the Gay Games."
